

OUTSTANDING MANAGEMENT AND ENGINEERING IN TRANSPORTATION AT CALTRANS

These awards recognize valued contributions to the field of transportation by Caltrans registered engineers and engineering and non-engineering managers.

KARL MOSKOWITZ AWARD

Chuck Suszko

Caltrans

**Chief, Office of Contracts – HQ,
Division of Construction**

Chuck Suszko has dedicated 37 years to the State of California. He is known for his passion and commitment to public service and safety and for being an outstanding engineer and exemplary leader.

Chuck is responsible for overseeing, monitoring and improving the construction contract administration processes and procedures for claims, change orders, dispute resolutions and the partnering program. His goal is to find mutually beneficial ways to improve construction efficiency for projects.

In addition, he led the implementation efforts to deliver three new safety improvements~10 MPH Speed Zone Reduction in Work Zones, End of Queue Monitoring and Warning, and use of Automated Flagger Assistance Devices. These construction traffic safety enhancements improve worker and traveler safety by reducing traffic speed, informing motorists of changeable traffic conditions, and automating flagging operations.

Chuck continues to serve as an inspiration to many and is widely respected by his peers, contractors, state agencies and organizations outside of Caltrans.
